

Rectangle Shapes

The Rectangle Shape offers clean lines, timeless design and the most volume and space to for you, your family and guests to play. There are many stair and bench configurations from which to choose. Many of these models offer Automatic Pool Cover ready feature meaning the pool can readily receive the auto cover system (tracks and housing unit), install very cleanly and provide the most opportunity for the system to be 'hidden'.

Whitsunday 3 – 15' x 30'

When considering design and layout, one must always consider step/stair and bench locations. Typically, the main step/stair is positioned closest to the point of entry and exit of the house. Generally, all pools have steps/stairs and benches in the shallow end area and often a deep end swim out.
